## Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2018	Bachelor of Science	Gaya College, Gaya	73.0%
2015	Intermediate (Class XII)	Anugrah Memorial College, Gaya	67.0%
2012	Matriculation (Class X)	Baridih High School, Tube Colony	64.0%

## Internship and Certifications

### Newton School | Newton School Coding Boot Camp

January 2022 - Present

- Full Stack Web Development along with problem-solving
- Technical Stack Learnt: React, JavaScript, Node JS, HTML, CSS, Bootstrap, and Data Structure with Java.
- Participated in various coding contests organized by the platform.
- Worked on different Projects like Movie Booking App, Online Notepad, Tip Calculator, and Todo App.

### Indev Consultancy | UI Designer

May 2021 - November 2021

- Developed the UI of Websites using HTML, CSS, JavaScript or JQuery
- Designed the Web Banners and logo for the website using Adobe Illustrator and Adobe Photoshop.
- Soft Skills Learnt : Time Management, TeamWork.

## Projects

### Pokemon App | N/A ([link](#))

September 2022 - September 2022

- It's a Pokemon App, you can find here your favorite pokemon and see some stats of that pokemon.
- Features:
  - You can search the pokemon by its name and see the details.
  - You can either sort by type of pokemon.
  - The background of the pokemon card is based on his type.
  - Attractive and responsive UI.
- Tech Stack: React.js , CSS3
- My Contribution: Build this project from scratch to end.

### Fit Club App | N/A ([link](#))

August 2022 - September 2022

- It is a single-page user interface application with a fitness focus.
- Features:
  - Despite the fact that it was a single-page website, I gave the navigation a wonderful scroll effect.
  - Real-time email functionality has been added.
  - And at last, it contains a fantastically animated and functional carousel.
- Tech Stack: React JS and CSS3
- My Contribution : Build this project from scratch to end.

### IP Address Tracker | N/A ([link](#))

August 2022 - August 2022

- It is an IP address tracker, and you can check from here for more details about your IP address.
- Features:
  - This app has a very user-friendly user interface.
  - You can get information about your IP address, time zone, ISP (Internet Service Provider), and country flag on a map by entering your IP address.
- Tech Stack : HTML, CSS, Javascript.
- My Contribution : Build this project from scratch to end.

### Bill Splitter App | N/A ([link](#))

June 2022 - June 2022

- It's a Bill Splitter, which you can use for splitting the amount which you spent in a group.
- Features:
  - The user can spread his bill among the members of the group.
  - This program will split the bill amount and compute the tip for the waiter once the user enters the total amount of the bill, the number of persons they want to split it with, and the percentage amount of the tip.
- Tech Stack: HTML, CSS, JavaScript
- My Contribution : Build this project from scratch to end.

---

## Skills

Computer languages	PHP, Java, CSS, HTML, JavaScript
Software Packages	React, Bootstrap
Additional Courses Taken	Data Structure
Soft Skills	Communication Skills, Time management, Creativity, Teamwork
Others	Photoshop

---

## Co-Curricular Activities

- Participated and contributed to Raise Fund for the Bihar flood in 2017 organized by the college.
- Participated in various coding content organized by newton school.
